Q1

Name

Adam Parkinson

Q2

Organisation

Auckland City Centre Residents' Group

Q3

How do you currently use Harbour Bridge Park?

Walk,

Bike,

To fish,

Exercise,

Sightsee,

Transit through,

Other (please specify):

Go down to imagine how wonderful a cycle, walking, scooting, rollerskating path across the bridge to the north shore would be for city centre residents (& everyone else too)!

Q4

Do you support the Harbour Bridge Park upgrade?

Yes

Q5

What do you like about the Harbour Bridge Park upgrade?

Pretty much everything, especially as it seeks to fulfil the vision of the CCMP and a livable city and seeks to provide more mobility options for residents in a safer and more pleasant environment. Good to see environmental issues and Te Ao Māori principles applied.

Q6

What do you not like about the Harbour Bridge Park upgrade?

"Car Parks at current levels" - we don't believe this is a forward thinking or responsible response to the climate emergency and the need from all our agreed plans to reduce VKT, air pollution and driving. Reducing the space taken up by parking cars could be used for other purposes like more trees, public space etc.

Q7

Is there anything else you would like to tell us about the Harbour Bridge Park upgrade?

Hope the public toilets are prioritised as well.

We would also appreciate something for swimmers visiting this place. We don't have enough places for a dip in the sea in the immediate neighbourhood. A safe swimming area like the one at Te Wero would be most welcome.

Q8

If you are happy for us to contact you about Harbour Bridge Park, please provide us with your details:
